Hint: Enclose a list of belongings for campers to bring home.

- **Write name of unit on luggage.**

Black trash bags are an excellent way to protect sleeping bags & pillows from getting dirty! Just use masking or duct tape to label it with the camper's name and program. Remember to send an extra bag for the trip home!

Avoid tying luggage pieces together with rope or bungee cords. This makes it hard to move.

We can't stress this enough: Please label all your camper's belongings!

Luggage

Each camper may bring:

- Day Pack (school backpack)
- Sleeping bag or bedroll
- Luggage camper can carry 150 feet (2 bags are better than 1 heavy one)

Please use the airlines as your guide...less than 30 lbs, please!

Anything tied to the outside of your luggage becomes hazardous to the volunteers moving it. Everything needs to fit inside your bag (Pillowcases are not bags!).

Campers should be involved in packing their own suitcase and rolling their own sleeping bag. This way, campers know what they brought to camp and can pack their own belongings at the end of the session.

All belongings need to be self-contained. Put everything inside your bag, including pillows, shoes and mess kits!
